To Whom It May Concern,

In 2015 International Air Response operated from the Agadir airport in Morocco. During that time I had the pleasure of working with Mohamed Outamrarht, the Managing Director of Moroccan Aviation Services. IAR depended on Mr. Outamrarht for all of the handling and logistics services we needed to operate our C130 aircraft, including the ground logistics and support for crew accommodation and transportation.

IAR was very appreciative of Mohamed's professional attitude and efficient scheduling, and our crews felt safe and secure while being transported and escorted by Mohamed and his staff.

Please feel free to contact me at any time if you have any questions regarding Mohamed Outamrarht and our experience with Moroccan Aviation Services.

Best Regards,
